UNITY HUB

TOKEN

UHT

2025 | 2026

WHITEPAPER

EXECUTIVE
SUMMARY

The Unity Hub Token (UHT) is a digital asset designed to power the Unity ecosystem, enablinf seamless transactions, rewards and decentralized interactions for developers, creators and users. UHT will integrate directly into Unity Hub, facilitating a more cohesive developer experience and empowering global communities.

VISION &

MISSION

Vision:- To create a robust, blockchain-powered ecosystem that streamlines operations and enhances value for developers, creators, and users within Unity Hub.

Mission:- To empower developers with tools for monetization, incentivize participation in the ecosystem, and enable decentralized engagement across global gaming and development platforms.

MARKET
OPPORTUNITY

- **Unity Hub Scale:** Unity Hub powers more than 50% of mobile games and serves millions of developers worldwide.

- **Developer Needs:** Developers face high transaction fees, limited monetization options, and inefficient reward systems.

- **Market Trends:** Blockchain-based ecosystems are increasingly adopted, providing opportunities for UHT to bridge the gap between traditional game development and decentralized finance.

TOKEN
UTILITY

- **Marketplace Transactions:** Purchase and sell assets on the Unity Hub Asset Store using UHT.

- **Incentives and Rewards:** Earn tokens for contributing tutorials, plugins, or active engagement within the Unity Hub ecosystem.

- **In-Game Integration:** Developers can incorporate UHT as in-game currencies or rewards in their projects.

- **Access to Premium Features:** Unlock premium Unity Hub services or subscription tiers with UHT.

- **Staking and Governance:** Stake tokens to participate in governance decisions, such as platform improvements or new features.

TECHNICAL
INFRASTRUCTURE

- **Blockchain:** Built on Binance (BEP-20 standard) with future compatibility for Layer-2 solutions for scalability and low transaction costs.

- **Smart Contracts:** Secure and transparent token management, ensuring automated and tamper-proof transactions.

- **Interoperability:** Designed for compatibility with external wallets and exchanges for ease of use.

TOKENOMICS

- **Total Supply:** 210 Million UHT.

- **Distribution:**

    35% - Community and Ecosystem Development.

    20% - Reserve for Staking and Rewards.

    20% - Team and Advisors.

    20% - Token Sale.

    5% - Marketing and Partnerships.

- **Emission Schedule:** Gradual release over 5 years to ensure sustained growth and value.

2025: Expansion & Integration

ROADMAP

UNITYHUB TOKEN

Q1 2025

Token Integration with Partner Services

1. Enable UHT usage in third-party tools.

2. Collaborative with blockchain platforms for added utility.

Q2 2025

Marketplace Expansion

1. Expand UHT adoption acroos the Unity Asset Store for premium assets and subscriptions.

2. Incentive creators and users with token based rewards.

Q3 2025

In-Game Token Integration

1. Allowed Unity hub Developers to implement UHT as in-game currencies or rewards.

2. Partner with game studios for tokenizes economies.

Q4 2025

Governance and Staking

1. Launch UHT staking for rewards and governance participation.

2. Introduce decentralized voting on platform improvements.

2026: Global Adoption and Ecosystem Scaling

Q1 2026

Cross Platform Expansion

1. Enable UHT interoperability with other gaming ecosystems and metaverse platforms.

2. Launch multi-chain support for border accessibility.

Q2 2026

Developer Monetization Tools

1. Introduce advanced monetization tools for developers using UHT.

2. Expand token-based revenue sharing models.

Q3 2026

Global Developer Compaigns

1. Conduct worldwide compaigns to promote UHT adoption.

2. Partner with educational institutions to teach blockchain enabled game development.

Q4 2026

Scalibility Enhancements

1. Implement Layer-2 solutions for high transaction volumes.

2. Introduce advanced features for seamless asset trading and decentralized marketplaces.

GOVERNANCE
MODEL

Unity Hub Token adopts a decentralized governance

model where stakeholders can propose and vote on

ecosystem upgrades. This ensures community-driven

decision-making and continuous innovation.

✉ info@unityhub.online

SECURITY &
COMPLIANCE

- **Audits:** Comprehensive audits by leading blockchain

  security firms.

- **Regulatory Compliance:** Adherence to local and

  international regulations, ensuring a secure and

  lawful ecosystem.

PARTNERSHIP

&

EXCHANGE LISTING

The token will be listed on major exchanges including

Binance, Coinbase, Uniswap, PancakeSwap, KuCoin,

Coinstore, BitMart and Kraken. Partnerships with

blockchain platforms will enhance functionality and

reach.
